Learning Management System Reports

Flex-e is SCORM 1.2 compliant. Quarterly reports can be generated to track usage and completion rates.

Charges and fees

The cost of **Flex-e** is based on the total number of managers in your organisation. **Flex-e** can be licensed on a per manager or per organisation basis, for a period of 12 months. Details of fees can be discussed with Aequus Partners.

Inclusions

Included in the cost is some customisation, namely the addition of your logo as well as a statement from the CEO, examples of workplace flexibility from within your organisation and links to internal policies and contacts.

Support

Aequus Partners provides an additional email advice service for managers who have queries about implementing flexible work practices.

Customisation

Charges will be applied for significant changes to the text, graphics, audio or videos.

Hosting

An annual licensing fee (payable in advance) will be negotiated depending on participant numbers and hosting provisions.

Upgrade fee

Flex-e will be upgraded annually. When the upgrade is generated by Aequus Partners it will be complimentary. However, upgrades at your request will incur charges.

Security

Flex-e users are provided with individual login details to ensure security.

Demonstration

A five minute demonstration version of **Flex-e** is available at www.flex-e.aequus.com.au/demo/

Aequus Partners

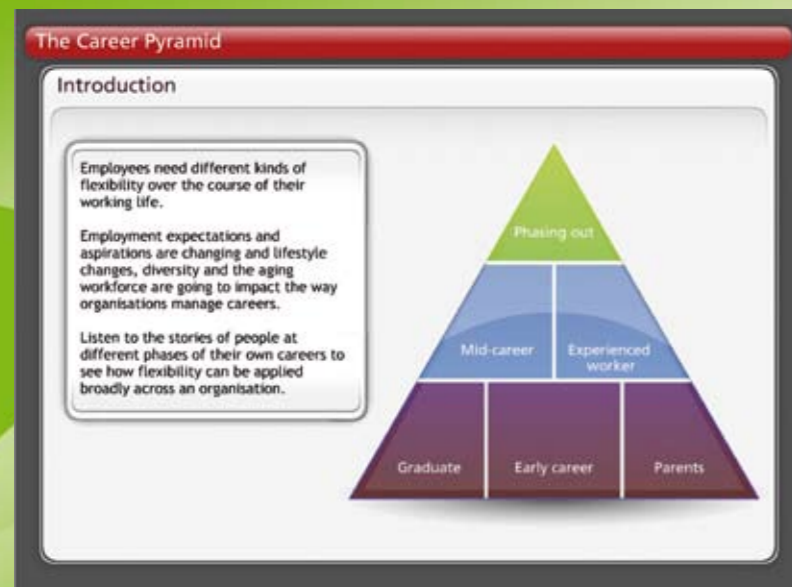

is a management consultancy specialising in diversity and flexibility.

Many organisations have state-of-the-art workplace flexibility policies, but know that implementation is a challenge.

1 ENHANCE MANAGERS' KNOWLEDGE

about workplace flexibility, including the business and personal benefits of flexibility, legal imperatives and the relevance of flexibility to employees across the span of their working lives.

2 BUILD MANAGERS' CONFIDENCE

to manage difficult issues should they arise, by identifying common challenges and offering practical solutions.

3 DEVELOP PRACTICAL IMPLEMENTATION SKILLS

by taking managers through a simple three-step implementation process and providing practical tools.

Demonstration

A five minute demonstration version of **Flex-e** is available at www.flex-e.aequus.com.au/demo/

Flex-e is designed to be a comprehensive e-learning tool for managers on workplace flexibility.

Flex-e is a one hour interactive programme comprising three short modules including engaging videos, audio and activities.

We can customise **Flex-e** to include:

1. a statement of support from your CEO;
2. examples of workplace flexibility across your organisation; and
3. links to your policies and contacts.
